a. MREPC members will have access to the e-Library. Members will be able to login by entering their MREPC Website ID and password in the e-Library Login page.

[<Back to Top>](#)

4. I've forgotten my password. How do I retrieve my password?

- a. You can retrieve your password via "**Forgotten your password? [Click here](#)**" link (in the picture below).

The screenshot shows the MREPC E-Library website. At the top, there is a blue banner with the text "Welcome to MREPC E-Library". Below this, a yellow box contains a welcome message: "The E-Library is an online facility for the members to access materials from the MREPC Resource Centre. The Resource Centre contains variety of materials which are related to rubber and rubber products as well as several general interest items. Materials may be viewed-online or downloaded, or viewed at the Resource Centre..". Below the banner is a "Members Login" section with a padlock icon. It features two input fields: "Login ID" with the value "farhan" and "Password" with masked characters. A blue "Login" button is to the right. Below the login fields are two links: "Forgotten your password? [Click here](#)" and "Not a registered member? [Click here](#)".

- b. You will be directed to the Forget Your Password? page and you are required to enter your registered email address to receive an email of instructions on how to retrieve your password.

The screenshot shows the "Forget Your Password?" page. It has a blue header with "MREPC E-Library" and a padlock icon. Below the header is the title "Forget Your Password?". There is an "Email Address:" label followed by an input field and a blue "Submit" button. Below the input field, there is a section titled "Instructions:" in red, which reads: "Please enter your registered email address and you will receive an email to reset your password".

5. How do I find relevant resources?

- a. The e-Library search is designed to be simple to use and to offer you a range of results for each search. You can look for resources by either browsing through the materials in the latest materials added section, or search using key words. You can search the materials using the Search Function in the Search Material page.

-For example;

- i. Keyword – **Latex Allergy** (as per shown below)
