# Why Choose Made in Malaysia Rubber Medical Devices

## Established Reputation

For over 100 years, Malaysia has been a world leader in rubber. Today, Malaysia is the world's largest exporter of medical gloves made from natural rubber and nitrile. Malaysia is also the world's largest exporter of condoms and rubber catheters. A commitment to quality and continuous development has made Malaysia renowned worldwide for its high quality and competitively priced rubber medical products.

## International Standards

Malaysian-made gloves and rubber medical products are produced by reputable manufacturers in modern facilities. The products are manufactured and tested to meet the requirements of stringent International Standards such as the ASTM, ISO and EN.

## Research and Development Support

With strong technical and R&D support from the laboratories of the Malaysian Rubber Board (MRB) - the Rubber Technology Centre in Malaysia and the Tun Abdul Razak Research Centre (TARCC) in the United Kingdom - Malaysian rubber medical product manufacturers are well positioned to meet the needs of the most demanding users.

## Product Variety

Malaysia offers users all over the world a wide range of rubber medical products, including examination gloves, surgical gloves, foley catheters, condoms, dental dams, breathing bags and medical tubing. Choose Malaysian-made gloves and rubber medical products for the best quality rubber products in a healthcare environment.
